CONSULTING**

9. Team and Company Culture

The Innotech-Team

- Teamwork and open communication are our top priorities
- We enjoy our work and approach every project with passion
- We inspire our customers every day anew

„The open and transparent communication and the cordial togetherness make the team quite unique.“

„I especially like the great team spirit. I had a very warm welcome.“

„I really like it here at Innotech, the family atmosphere is good and all my colleagues are extremely friendly.“

10. Sustainability and Social Commitment

Corporate-social-responsibility

We are proud that we are able to support local clubs, events, other companies and schools from the region, as a medium-sized company. We actively help shape the future.

Climate neutral by the end of 2025

- Solar panels on several roofs
- Company vehicles will all be electric
- We plant trees annually to offset our CO2 emissions
- E-charging stations for employees and customers
- 100% LED lighting and state of the art IT
